

MANUFACTURERS DECLARATION - JANUARY 2016
TO WHOM IT MAY CONCERN

VOLUNTARY SAFETY NOTICE
Concerning LOT 001 of our 3 Minute Orange Smoke Signal -
COMET Art. No. 9192000

Due to some discrepancies experienced in our Notified Body witnessed annual MED product tests conducted last year, we have recently been requested by the German MED Surveillance body – BSH (Bundesamt für Seeschifffahrt und Hydrographie or Federal Maritime and Hydrographic Agency) to issue a Safety Notice concerning samples of the first lot produced of our 3 minute Orange Smoke signal.

Due to some concerns over the required reliability of the ignition performance, we are erring on the side of caution and voluntarily offering to exchange samples of COMET LOT 001 with new products at no additional cost to you.

If you have any samples of this LOT of signals, please contact your DMSS Sales Manager or Sales Administrator or email info@signalandsafety.com with the quantity concerned and your contact details and we will arrange for the supply of replacements.

Thank you for your co-operation and understanding in this matter.
We apologise for all inconveniences caused.

K. Bradford
