

# Baltic Sea: Platforms, Cables, Pipelines

- | Platform                               | Cable   | Boundary                              |
|--|---|---------------------------------------|
| ● Measurement Platform, in use         | — High Voltage Cable, in use                      | — Continental Shelf/EEZ               |
| ○ Measurement Platform, approved       | - - - High Voltage Cable, under construction      | - · - · Territorial Waters/12 nm Zone |
| ⊙ Measurement Platform, decommissioned | - · - · High Voltage Cable, application submitted | - - - International Boundary          |
| ● Petroleum Platform, dismantled       | — Data Cable, in use                              |                                       |
| ■ E-Transformer, in use                | - - - Data Cable, approved                        |                                       |
| ■ E-Transformer, under construction    | - · - · Data Cable, out of use                    |                                       |
| ■ E-Transformer, approved              | - · - · Data Cable, unknown                       |                                       |
| □ E-Transformer, application submitted | <b>Pipeline</b>                                   |                                       |
|  | - - - Natural Gas Pipeline, under construction    |                                       |
|  | — Natural Gas Pipeline, out of use                |                                       |
